

## 2007 *CJON* MENTOR/FELLOW PROGRAM PARTICIPANTS

The *Clinical Journal of Oncology Nursing (CJON)* offers an opportunity each year for novice writers to work with experienced authors who will mentor them through the writing and publishing process. In 2007, seven direct caregivers were paired with mentors, who have guided them through the manuscript preparation process. For more information about the mentor/fellow program, visit [www.cjon.org](http://www.cjon.org).
